Every Member of the Club being the holder of Ten or more Shares in the Royal Societies Club Limited, shall be entitled to nominate candidates for preferential Election as Extraordinary Members of the Club.

IV.

Honorary Members.

THE Committee shall have power to invite, as visitors to the Club, Members of the Royal Family and other distinguished or eminent personages, and to constitute them Honorary Members, either for life, or for such less

period as the Committee may, with the assent of the Directors, determine.

Members are invited to communicate to the Secretary the names of gentlemen they wish to nominate for invitation under this Rule.

The Directors shall have the power of constituting any Members, who have been elected under Rules II or III, Honorary Members for such period as they think fit.

The Committee may invite as Temporary Honorary Members of the Club, the Members of any other Club, and may elect them Temporary Honorary Members during such period as the Committee, with the assent of the Directors, think fit.

The Honorary Secretary shall *ex-officio* be an Honorary Member of the Club during the period he holds office.

for Election, or of attending General Meetings of the Club; but, in other respects, they shall be subject to the Rules applicable to Ordinary Members.

V.

Candidates for Membership.

EVERY Candidate for Membership, other than Honorary Membership, shall be nominated by one Member, and seconded by another, who shall be held responsible for the eligibility of the Candidate. The proposal of a Candidate shall be sent in writing on the proper form to the Secretary, signed by his proposer.

The Proposer of a Candidate for election under Rule III., clause c, shall communicate in writing to the Secretary the special circumstances in support of election.

The full names, residence, rank, profession, occupation, or other description of every Candidate shall be fully and accurately stated, together with his qualification for Membership, and such other particulars as the Committee shall from time to time determine.

The name, residence, rank, profession, occupation and qualification of every Candidate, and the names of his Proposer and Seconder, shall be entered in the Candidates' Book by the Secretary, and a copy of the entry shall be posted in the Club, at least seven days prior to the date of ballot.

be a member, through death or otherwise, the Candidate shall be permitted, at least seven days before the date of ballot for election, to have another Proposer or Seconder substituted.

No addendum, alteration, or entry may be made in the Candidates' Book by any Member of the Club. All information respecting Candidates should be communicated to the Secretary.

No Candidate under the age of twenty-one shall be eligible for Membership.

VI.

Disqualification of Candidates.

NO Candidate shall be eligible for election who at any time preceding his coming up for ballot has been adjudicated a bankrupt, or has made any composition or arrangement with his creditors, under any Bankruptcy Act or otherwise, or has had a Receiving Order made against him, or has been declared a defaulter on the Stock Exchange or Turf, unless the Committee, at a meeting specially convened for that purpose, shall, after consideration, permit him to be balloted for.

Should a Candidate thus ineligible be admitted to the Club, the Committee shall, if satisfied of his ineligibility, declare his election void, and notice of such declaration shall be sent to him, addressed to him at his last known address. But if application be made by him to the Committee within twelve months from the time of such declaration, the Committee shall, at a meeting specially convened for that purpose, consider his application, and it shall be at their discretion to permit him to be balloted for. In all cases under this rule all legal expenses incurred in investigation shall be paid by the Candidate.

VII.

Rejected Candidates.

NO rejected Candidate shall, except by leave of the Committee, as hereafter provided, be again proposed until the expiration of six months from the date of his rejection. When a rejected Candidate is again proposed, notice of his previous rejection shall be given by the Secretary to the Committee.

If any Members of the Committee (not being less than five in number) shall, within two months after the meeting of the Committee, at which any Candidate shall have been rejected, call for a re-consideration of the grounds of the rejection of such Candidate, the Committee shall be specially notified thereof at their next ordinary meeting, and the question shall then be put to the vote whether there shall be another election ; should it be resolved in the affirmative by a majority of the Members present, then the name of such Candidate shall be put up again.

If less than two-thirds of the Committee so present shall vote, the election of such Candidates shall be postponed until such time as the Committee may determine. One black ball in five shall exclude.

IX.

Cancellation of Election.

THE Committee shall be empowered to cancel the election of any Member at any time within twelve months from the date of his election, and such ex-Member shall not have the right to make any appeal, nor to demand the reasons for such cancelling ; but if his election be cancelled at any time within a period of six months from the date of his election, then the amount of his Entrance Fee (if any) and Subscription shall be returned to him.

If at any time after the Election of a Member it shall appear that he has been elected under a misrepresentation, or if information as to his character or position shall have been withheld, or that he has ceased to be a Fellow or Member (except by resignation) of any Society constituting his qualification for Membership of the Club, the Committee shall have power to call upon such Member to resign, and in default of his doing so to take such action as they may deem fit.

In case a Supernumerary Member shall return to the United Kingdom within a period of not less than three months prior to the date of his subscription becoming due for the ensuing year, he shall be liable for his full subscription for the current year ; but if he shall return after that period his supernumerary subscription shall suffice.

No Member shall be entitled to Supernumerary Membership, or to claim exemption from the payment of his full subscription, unless he shall have been absent from the United Kingdom during a period of at least nine consecutive months in any year of his Membership.

In every instance of a Supernumerary Member returning from abroad, the date of his return must be formally reported to the Secretary, and the whole (or balance if any) of the subscription due from him must be paid within two months of his return, in default whereof such Member shall be considered to have resigned, unless the Committee shall otherwise determine.

On the election of a Member the Secretary shall notify the fact to him, and every new Member must pay his Entrance Fee (if any) and first Annual Subscription within two months of notification of his election if he be in the United Kingdom, and within six months if he be out of the United Kingdom. If this rule be not complied with, the Secretary shall report the circumstance to the Committee, and the Member's election shall be null and void unless the Committee shall otherwise determine.

XIV.

Members not to use Club-house until Subscription be paid.

NO newly-elected Member shall be allowed to make use of the Club, nor shall he be entitled to any of the privileges of Membership, until his Entrance Fee (if any) and first Subscription be paid.

XV.

Penalties for non-payment of Subscription.

NO Member, not being an Honorary Life Member, shall be eligible to vote until he shall have paid his Subscription for the then current year.

The name of any Town or Country Member who fails to pay his Subscription within two months after the date upon which it becomes renewable shall be posted in the Club.

Should the Subscription not be paid within a period of one month from the date of his name having been posted, or should the Member use the Club after his name has been so posted, before paying his Subscription, he shall immediately thereon cease to be a Member of the Club, and he shall not again be eligible for election, unless the Committee shall otherwise determine.

Any Supernumerary Member who for a period of six months shall have failed to pay his Annual Subscription after the date upon which it becomes renewable shall be considered to have resigned, and his name shall be erased from the list of Members, and he shall not be re-admitted unless he can assign to the Committee satisfactory reasons for non-payment.

XVI.

Resignation.

ANY Member intending to withdraw from the Club shall notify his intention so to do, in writing, to the Secretary, prior to the date upon which his Subscription becomes renewable, and in default of his so doing he shall not be exempt from payment of his Subscription for the ensuing year, whether he has entered the Club or not.

No Member shall be permitted to resign his Membership if he be indebted to the Club. If

any question arise as to the debt, the Secretary shall report the circumstance to the Committee, whose decision shall be final.

XVII.

Insolvent, Bankrupt, or Outlawed Members.

IF a Member shall be adjudicated a bankrupt, or shall make any composition or arrangement with his Creditors under any Bankruptcy Act, or otherwise, or shall have a Receiving Order made against him, or shall be declared a defaulter on the Stock Exchange, or a defaulter on the Turf, he shall *ipso facto* cease to be a Member of the Club, and shall forfeit all right or claim upon the Club; but upon application being made by such Member to the Committee, stating the cause of such adjudication in Bankruptcy, making of such composition or arrangement, or Receiving Order, or default on the Stock Exchange or Turf, as the case may be, such Member may be re-admitted and restored to his former rights by the Committee at a meeting specially summoned for that purpose, if a majority of two-thirds of such Committee so determine.

In the event of a majority only being in favour of his re-admission, then the name of such person shall be put up for re-admission by ballot according to Rule VIII. free of all Entrance Fees. All legal expenses incurred in investigating the case shall be paid by the ex-Member applying for re-admission.

XVIII.

Conduct of Members & Expulsion.

IF any Member shall commit a breach of any of these Rules, or introduce into the Club any person whose presence therein shall be detrimental to the interests or reputation of the Club or objectionable to the Members, or if

the conduct of any Member either in or out of the Club-house shall, in the opinion of the Committee, or of any twenty Members of the Club who shall certify the same in writing, be injurious to the character and interests of the Club, the Committee may at once suspend or expel such Member from the use of the Club, and may recommend him to resign; and if such Member shall not resign within seven days after notice of such recommendation has been given to him, the Committee shall erase his name from the List of Members, and he shall cease to be a Member of the Club: provided that no Member be so suspended or recommended to resign unless a resolution to that effect shall have been passed by a majority of at least two-thirds of the Members of the Committee actually present at a Meeting specially summoned for that purpose.

Provided also that if, upon such Meeting of the Committee so specially summoned, two-thirds of the Committee assembled shall be of opinion that the character or interests of the Club require the immediate expulsion of the Member whose conduct is in question, the Committee may by resolution to that effect forthwith expel such Member.

If the circumstances of the case shall appear to a quorum of the Committee to require the same, they may suspend such Member from the use of the Club until the specially summoned Meeting of the Committee hereinbefore in this Rule mentioned shall have been held.

Should, however, any fifty Members be of opinion that the case of a Member so expelled ought to be reconsidered, and should a statement to such effect, signed by such fifty Members, be forwarded to the Committee within six months of the expulsion, the Committee shall call an Extraordinary General Meeting, to which the matter shall be submitted, and if a majority

of not less than three-fourths of such Meeting, which must consist of at least fifty Members, agree to the reinstatement of the Member, he shall be reinstated.

For the purpose of considering the expulsion of a Member, EIGHT shall form a quorum of the Committee.
